

Zoo-phonics® SCHOOL

Teaching the world to read

December Holiday Programmes

**Suitable for
Kindergarten
Age 5-6**

Our fun-filled holiday learning experiences help stimulate language development and expand creativity of young minds. Enrich your child's knowledge, vocabulary and language this holiday as we explore two themes that are fascinating to older children.

Amazing Discoveries and Inventions

A very educational workshop designed to enhance natural curiosity, accelerate thinking, creative and problem-solving skills. Let your child join us in our science classroom lab to meet the great inventors and discoverers of our time. Each day, we embark on a science adventure to learn about the inventions/discoveries in medicine, transportation, daily appliances, food and more. Through fun-filled experiments, interactive projects, stories, creative writing and games, we help ignite and excite the inner science curiosity in your child... inspiring him or her to make a difference!

Speech and Drama

Let your child develop and blossom into a confident child with our English Speech and Drama programme specially catered for young children. Our programme guides and nurtures children to find their own voice as they act, interact, communicate and present their ideas. Through our specially-designed Speech and Drama programme, we offer children the practical opportunities to master techniques and skills essential for effective communication in an environment that is fun and loving. From tip-toeing past a sleeping giant to persuading a monster, children work on their language skills through highly entertaining thematically-structured lessons that promote imagination and creativity.
